Winter's best personal-item transporters

### HOLD 'EM

Carrying a degree of insecurity regarding your bag? Too old for a 'satchel'? And isn't a 'tote' for horses? Luckily winter sees the return of thoroughly masculine canvas bags, and blokey staples the rucksack and the courier bag. Anyone who's ever set fire to a vintage tracksuit will be pleased to know this is one season where the fashion- and safety-conscious are in harmony, as bright yellow is the 'in' colour.
